

# ATSCOM INFORMATION BULLETIN

AFATS-CS

20 November 2006

TO: ALL AIR TRAFFIC SERVICES COMMANDS

FROM: Commander, Air Traffic Services Command, Fort Rucker, AL 36362

SUBJECT: Recruitment of Air Traffic and Airspace Management Technician (MOS:150A)

1. Information received from Aviation Proponency regarding the submission of applications for acceptance into the Air Traffic and Airspace Management Technician (ATASM) Program is as follows:

- All Army Air Traffic Controllers in the Grade SGT through SFC (SFC with less than 12 AFS) should review criteria for selection located on the USAREC and Aviation Proponency's website.
- Currently the first assessment board to select potential ATASM Officers will convene in January 2007.
- Soldiers must ensure that all requirements in AR 135-100 for submission of Warrant Officer Packets are completed prior to packet submission.
- Information may also be found on this website <http://www.usarec.army.mil/hq/warrant/>. **Soldiers should submit their applications immediately.**
- Soldiers selected for the 150A Program should plan to attend all phases of training in calendar year 2007.
- For additional information please check for information posted on the USAREC, Aviation Proponency and ATSCOM websites.
